

CALL FOR COMMERCIAL MARINE FISHERIES APPLICATIONS

Pursuant to the *“Allocation Policy of the Nunavut Wildlife Management Board for Commercial Marine Fisheries”*, the Nunavut Wildlife Management Board (NWMB) is hereby issuing a *“Call for Applications”* to all Nunavut fishers interested in applying for commercial Greenland halibut (turbot) and/or shrimp fishing allocations for the 2010 fishing season.

In order to request an allocation in a fishery, an applicant must complete an *“Application Form for Commercial Marine Fisheries Allocation”* (Application Form), and submit a detailed *“Governance, Business, Benefits and Stewardship Plan”* (Plan) to the NWMB. To be considered for the 2010 fishing season, the Application Form and the Plan must be delivered – in person, by courier or by mail – to the NWMB’s Iqaluit office, by the close of business on July 17th, 2009.

The NWMB wishes to ensure that Nunavut’s marine resources are developed and managed in a professional, transparent and accountable manner for the equitable benefit of all Nunavummiut. Pursuant to the cumulative point system set out in its *Allocation Policy for Commercial Marine Fisheries*, the NWMB will carefully rank all applications received, and will make its resulting recommendations and decisions accordingly.

For further information regarding the NWMB’s *Allocation Policy for Commercial Marine Fisheries*, or to obtain a copy of the Policy and/or the Application Form, please contact the NWMB at the following coordinates:
